IFR Upgrade Study (0) - ●

Source: House Report 106-940 (May 2001)

The following pages contain information about medical evacuation and instrument approach locations in Alaska. Each slide depicts towns with medical facilities (in red) historically serving the communities depicted. Those in blue have an instrument approach. Those in black do not, and those in yellow (if any) are being studied for approach installation. The graphics depict existing charted T and Q RNAV routes as blue lines, which are subject to change.
